COLOURS CHART

BE NATURAL, BE FREE!

Every two seconds a forest area - sizing a football field - is destroyed!
We believe in developing a Sustainable Chemistry as we believe that
the respect for the environment is part of our responsibility.
With a few simple, everyday efforts YOU can help us to reduce pollution,
consume less energy and water and produce less waste:

- Download our brochures from our website
- Spread the information to your customers through internet and @mail
- Print brochures only if really necessary choosing Recycled Paper

Do like us: **BE NATURAL, BE FREE**

WHAT IS IT?

Eco-friendly, PVC & phtalates free plastisol ink series responding to the growing demand for PVC-free products. The materials meet all main international textile standards

FINAL PRODUCT FEATURES

- White with high opacity
- Bright colours
- Smooth touch
- Non-stick surface
- Excellent resistance

PROCESS HIGHLIGHTS

- Outstanding print characteristics
- Excellent on-screen stability
- Very good wet-on-wet printability
- Superior screen cleaning properties

PRODUCT RANGE AVAILABLE

- Complete semi-opaque range for colour matching system
- Flash White for printing of "backgrounds"
- Transparent ideal for 3D printing effects
